Club Election

MEETING
TIME--8:00 PM SEPT. 16,1955
PLACE--Woodlawn Lake Clubhouse
(Cincinnati Ave., just
west of Zarzamora)

This will be a very important meeting as the regular annual election will be held. If your dues are delinquent, you can still take part in the election by arriving a little early and paying your dues.

CIVIL DEFENSE

We are progressing, but slowly, with our CD work. We need lots operators to work on the various nets the CD headquarters needs. Dorwin King, W5IUU, is organizing the sheriff, police, and fire dept. net on two meters. I'm sure he will welcome all help and participation. The communications director for CD is working on some means of identification, so that when we go to one of the various places to set up operations, we will be cleared, eliminating a lot of questions.

TRANSMITTER SNOOPING

Had a FB hunt last Sunday when IUU Dorwin, hid out west of town. (It was sorta tricky-like, don't you think). Who says that all the good hiding places are used up. Seems that there are plenty left. Come out Sunday, 18th Sept, and Bob, JHH, will show you. He won by about 3 miles and Mac, DIR, was second. Get your loops and be at Olmos park at 1:30. Picanick afterwards.
